Research Project

Project Title

Lay Abstract and Research Project Summary:

Please make sure to include a lay abstract and research project summary in the attachment. The lay abstract shall not exceed half a page in length, and the research project summary shall not exceed one full page. While not essential, you are welcome to include a graphical abstract of your project within this 1 page limit. Please avoid over-use of acronyms or very specialized (not widely understood by scientists) abbreviations. (formatting = maximum 1 page, 12 pt Calibri font, single-spaced, 2 cm margins all sides of page)

Letters of Reference

Two letters of reference, must be submitted directly by the referees to charb.education@ucalgary.ca. One letter must be provided by the proposed supervisor.

Letters should:

- Highlight the candidate's research excellence, originality, technical ability, judgment, productivity, and potential.
- Describe the candidate's suitability for the proposed research program.
- Explain the rationale for supporting the candidate.
- Confirm the supervisor's commitment to providing matching support, including stipend, benefits, and research/consumable funding, for the duration of the award.
